It is hard to believe we are just under a month away from our first guests arriving for the start of another great season at Paradise Cove. This is the first season in a few years where we won't have to deal with any restrictions. We are just as excited as our guests to have things return to normal!

For the first time since the start of the pandemic we are excited to welcome back our American guests! As of right now fully vaccinated travellers may enter Canada without a pre-entry test but are required to use the ArriveCan App within 72 hours before your arrival into Canada. We still encourage guests to check the current restrictions/ requirements just in case things have changed.

If you are thinking of planning a trip to Paradise Cove this season, we recommend you book early. We have a lot of guests making reservations and we will book up fast.

This summer will be the first time in a couple years that we will have someone working in the marina full time again. As you have in the past, please check-in and check-out at the Paradise Cove Park Marina.

This year we are welcoming back Dawnna who is running the Paradise Cove Restaurant & Bar. Last years guests and the locals talk about the great food. You can check out the menu and all that she has planned for the season on Facebook at "P2 Paradise Cove Restaurant and Bar"

Last year we also sold 2 cabins located in Paradise Park Estates, there is still one cabin available to purchase and two cabins to rent. If you want to know more about the remaining cabin that is for sale, please get in contact with Duane for more details!

OTHER INFORMATION

- Please Check-In and Check-out at the Paradise Cove Marina.
- Before you arrive add Duane as a contact in your phone and send him a text if you need some pointers on hotspots, if you need something from the marina or have any other questions. Just be sure to mention who it is and what cabin you are staying in! (Duane's cell number 1-206-550-3651)
- Cell service in the Minaki area is great, which makes it easy to connect with loved ones back home or brag to the buddies on your days catch!
- We suggest that you bring most groceries from home since there is only a small convenience store in town but if you forget a necessity, it should be available from the Minaki Marina.
- For border crossing, each traveler of age can have one case of beer or a 40oz. bottle of liquor and one carton of cigarettes.
- Conservation officers conduct periodic inspections of the cabins at Paradise Cove and boats on the water. It is your responsibility to know the rules and regulations. TAGGING AND FISH TRANSPORT

All fish you catch and keep must be stored correctly to ensure conservation officers can identify the following:

- the number of fish
- the species of all fish in your possession, even the species without restrictions
- Keep all skin or a piece on to identify the species
- Tip: Package fish flat, in a single flat layer and only place one fish per package.

100% of your license sales go towards the future of fish and wildlife in Ontario. Your license purchases support stocking approximately 8 million fish a year in lakes all across Ontario, Fish and Wildlife population research and monitoring and conservation officers who protect natural resources and public safety.

You may have noticed on our website and in the Cabin/ Info section we had to make the hard decision to raise the price on cabin rentals. Year by year we have seen expenses increasing and this year has been no different. We hope you all understand, and this increase will not impact your trip in anyway.

I want to send a big thank you to all our guests who choose to support us. Whether this is your first-time visiting Paradise Cove, or you are a regular who comes year after year. Our guests are the reason why we are one of the top fishing locations in Northwestern Ontario! Hearing the stories and seeing the pictures at the end of each season is the greatest highlight of the season. We would like to remind our guest that we would love to hear about your stay and experience here at Paradise Cove. We encourage everyone to send us pictures or messages so we can share them with all of our guests!

Send us an email at paradisecove@bellnet.ca or give us a call and book your reservation today! When you email a reservation, you will get a confirmation email that your reservation has been made.

I hope to see you all out on the water and look forward to catching up with all of you!

Happy fishing & tight lines!

Duane
